

RANGER 2000

Introducing the custom-built aluminum Reverse Chine Skiff, a sleek and durable boat perfect for all your on-water adventures. This 20-foot vessel is built with the highest quality materials, featuring a 5086 3/16" Aluminum Alloy Hull and Decking that is both durable and lightweight. The T-top Centre Console offers protection from the sun and elements.

The 140 hp Suzuki engine is both powerful and fuel-efficient. The skiff is also equipped with high-quality steering and hydraulics, making maneuvering a breeze. Whether you're fishing, working or just cruising, this skiff is the perfect boat for your next water excursion.
