44' BOW DOWN LANDING CRAFT

The 44' aluminum bow down landing craft is built for serious transport, with a wide hydraulic bow opening, a 25' self-bailing deck, and the beam and power needed for demanding coastal work.

Its catamaran hull, forward-leaning three-person wheelhouse, high-capacity fuel system, and twin 500hp Mercury SeaPro engines give operators a stable, capable platform for moving equipment, vehicles, crew, and cargo.

Finished with commercial-grade aluminum construction, modern Raymarine electronics, practical crew seating, and durable non-skid deck coating, this custom build is ready for heavy-duty landing craft service.

44' Landing Craft

TECHNICAL SPECIFICATIONS

Length: 44'

Beam: 15'

Hull Type: Catamaran Landing Craft

Class: According to ABYC & TC SVCP

Cargo Capacity: 7000 kg

Fuel Capacity: 2 x 450 gal (1700L)

CABIN

- Forward Leaning 3 Person Wheelhouse
- (1) Shockwave S2 Flip Bolster Seat w/ slider at helm
- Flip up bench seating for crew
- Autoterm cabin heater

CONSTRUCTION

- 5086 1/4" Aluminum Alloy Hull and Decking
- 5052 Aluminum Alloy Interior Bulkheads on 30" Centers
- 5052 Aluminum Alloy Self Bailing Decks and Aft Wheelhouse
- Outboard Pod for Twin 30" Shaft Engines
- Longitudinal T Bar Stringers
- (2) Weld in Freeman Deck Hatches
- (2) Custom designed under-deck storage aft below cabin
- Reinforced deck at bow to mount crane (tonnage TBD, crane not supplied)
- Portside aft head in seat box
- (6) 10" Tie Up Cleats
- 3.5" SCH80 aft tow post
- Cabin walls and ceiling insulated, paneled w/ FRP & aluminum trim
- Ladder at back of wheelhouse down to deck

PAINT AND FINISHING

- Grey Zolatone interior paint
- Black antifouling bottom paint
- Durable Non-Skid deck coating - Dark Grey

WINDOWS AND DOORS

- Aluminum Framed Marine Windows
- (2) Aft Wheelhouse Sliding Doors

ANCHOR & MOORING

- 44lb claw anchor
- 200 ft Proset 5/8" rope + 50 ft chain 5/16"

ELECTRICAL SYSTEM

DC System

- 12V DC System
- (2) group 31 Start and (2) D8 House battery
- Custom Blue Seas DC panel
- (1) 12 Volt USB Port
- LED Navigation Lights
- (2) LED Forward Flood Lights
- (1) LED Aft Flood Light
- (2) Pantographic Windshield wipers
- Washdown System
- (6) Rule 1500 GPM Bilge pump w/ float switch and high-water alarm system
- Galvanic Isolator

AC SYSTEM

- 30A Shore Power System
- Blue Seas 30 AMP battery Charger
- Remote Panel for Blue Sea Charger

NAVIGATION

- (1) Raymarine 12" chartplotter
- Raymarine thru-hull transducer
- Raymarine Ray73 VHF radio
- Raymarine Quantum 2 Q24D Doppler 18" radar

FUEL SYSTEM

- (2) 450 Gallon (1700 litre) Fuel Tanks
- Emergency Fuel Shutoffs
- Racor 660 Series gasoline fuel filters
- KUS senders & fuel gauges
- Gasoline fume alarm
- (2) Zinc Anodes

(250) 857-2782
sales@jrmarine.ca

POWER & PROPULSION

Engines

- Twin 500hp Mercury SeaPro engines
- Mercury SmartCraft Digital Throttle & Shift Controls
- Start Switch Kit for Twin engines
- 2-gauge package
- Harnesses and Control Cables
- Bob's Machine 700 HP Ultra Extreme Jac Plate

SAFETY PACKAGE

- (1) Carbon monoxide detector
- (1) Approved Life Ring
- Gasoline fume alarm

MAIN STATION CONTROLS & STEERING

- Mercury electric steering system w/ AMS
- Mercury SmartCraft Digital Throttle & Shift Controls
- Harnesses and Control Cables

CAPACITY AND WORKING DECK

- Hydraulic Landing Craft bow opening 120" wide
- 25' Self Bailing Deck x 12' wide
- Reinforced deck at bow to mount crane
- Flip-up crew bench seating
